CO FOUNDER: John S. Materan

ABSTRACT:

Flynx is a token developed to create entertainment among all its holders. FLYNX is fully decentralized and will be used for payments on and off our planet.

INTRODUCTION:

The growing wave of memes is in total growth and has distanced us further from other projects, this important meme FLYNX will be used to pay bills, play online, send or receive payments anywhere on the planet or in cyberspace. The flynx lynx will help the human being to socialize more with this adorable animal and in this way try to ensure that every day we give more importance to the fauna of our planet so that in a not too distant day we can take them to other worlds and terraform them next to being human.

SPECIFIC OBJECTIVES

- 1- Get new investors.
- 2- Manage to include FLYNX in other exchanges.
- 3- Send a request for your listing on coinmarketcap and coingecko.
- 4-Flynx top 50 on the market.
- 5-Market expansion.
- 6 - be used as local currency to buy services, pay and send payments to any part of the planet and outer space.

FANTASTIC LYNX (FLYNX)

FLYNX, was created to provide the initial capital necessary to establish the pools of locked liquidity to attract our investors and in this way they see FLYNX as a serious meme project that will give them good investment returns is launched on the Binance smart chain. This token can be converted to any one of the most important memes on the decentralized PancakeSwap Exchange, with the intention of taking it to more centralized and decentralized exchanges. The main purpose is for FLYNX to be used as local currency to buy services, pay and send payments to any part of the planet and outer space.

LIQUIDITY IS BLOCKED

100% of Liquidity blocked for at least one year, using intermediary FLOKIFI and blocked for 1 year to ensure that the funds are secured until FLYNX manages to balance its market supply and demand.

hand burning Manual burns of almost 20% of the supply were made. In this way, all creator tokens were removed.
